Steady Running	<p>Aim to steady run to the usual amount you do outside of club sessions/training</p> <p>Aim to run between 3-5 times per week in total – this includes both steady running and sessions</p>		

- There are 3 sessions here – Aim to perform 1-2 session per week
- Maximum of 3 sessions per week
- Warm up = 10-20 minutes run – dynamic stretches & drills – 3-5x strides
- Cool down = 5-15 mins run
- Warm up & Cool down could be done by running to and from the area you will perform the sessions
- Avoid busy areas
- Perform sessions on quiet roads/lanes/pavements
- Avoid areas with potholes, large dips in the road/pavement
- Run sessions on flat ground – Grass/Road/Trail
- Sessions in distance – convert distance to time it would take you to complete that distance if you are unable to set up on a GPS Watch

1. Every 3 weeks try a 5km time-trial to see how your running is progressing.
2. Don't over-do your training during this time – stick to an appropriate volume and intensity you are used to.
3. Use running as a way to get some fresh air & stay active – Please stick to the government advice on Covid-19 & social distancing

4. Please train on your own – following the government guidelines on social distancing

Post & Send your sessions/steady runs to the Chichester Runners & AC Facebook page to keep in contact with members and coaches!!
